turbo Wash

THE HI TECH CAR WASH SYSTEM IS BACK AND STRONGER THAN EVER!

High volume car washes that can deliver clean, shiny cars need to be a "WORK HORSE", and that is what the TURBO WASH is often called. In fact, there are more units of the TURBO WASH basic design that are 10, 20 even 30 years old that are still out there washing cars. What other manufacturer can make that statement?

TOP REASONS TO BUY A TURBO WASH

- ◆ Clean cars! Better than any other touch free
- ◆ Available to fit in existing bays easily
- ◆ Simplicity of operation
- ◆ Extensive use of Stainless Steel
- ◆ Highest quality components throughout
- ◆ High production – you wash more cars
- ◆ Will STILL be running when you make your last payment
- ◆ UL approved electrical throughout

TOUCH FREE IN-BAY AUTOMATIC

The WORLD'S finest self service automatic continues to set the standards for CLEAN CARS and HIGH PRODUCTION.

While our competitors claim their equipment is high tech because of its good looks and aesthetics that does not mean it will make you successful in the car wash business.

This business is all about clean cars and happy customers. It is not about having the prettiest equipment.

All Turbo Wash
units come with
the Rear Blaster!
